Memorandum

*September 14, 2009
Agenda Item 5.2*

DATE: August 26, 2009

TO: Administration and Legislation Committee

FROM: Stephen Haas, Project Manager

SUBJECT: I-580 Westbound HOV Lane Widening Project (Regional Measure 2 Subproject 32.2a)
Authorization to Execute Professional Services Contracts for Project Development
Activities for Pavement Rehabilitation

Action Requested

It is recommended that the CMA Board authorize the Executive Director or his designee to amend the existing design services contract with BKF to perform project development activities necessary to incorporate pavement rehabilitation into the project construction contracts for an amount not to exceed \$1,000,000.

Discussion

The I-580 Westbound HOV Widening Project will widen I-580 from Greenville road in Livermore to Foothill Road in Dublin to provide an HOV lane. The existing lanes are in need of rehabilitation, but it is not included in the current project scope.

This authorization will allow the Executive Director to negotiate and execute contracts to prepare a Project Scope Summary Report (PSSR) and to design and incorporate pavement rehabilitation into the westbound HOV lane project. An approved PSSR will allow Caltrans and the CMA to pursue funding for pavement rehabilitation within the project limits. The implementation of these elements will not impact the delivery of the westbound HOV lane project. These project development activities will be completed using I-580 Corridor Improvement Funds.

Financial Impact to the CMA Budget

The revenues and costs associated with this project are not incorporated in the CMA's currently approved budget. The additional project costs will be met through additional funding from various Federal, State and Local funding sources. The additional costs and revenues for this project will be incorporated into the budget at the next quarterly update of the CMA's current fiscal year budget.

RE: Levine Act

Dear Mr. Haas:

Please accept this letter as confirmation and disclosure that, BKF Engineers and its project team members have not made any contribution of more than \$250 to an ACCMA Board Member within the last 12 month period.

Sincerely,
BKF ENGINEERS

Natalina Bernardi, P.E.
Principal/Vice President
